AC synchronous motor

Created Date:2015-06-16

Posted Date : 2010-07-08
Expiry Date : 2011-04-04
Min. Order Quantity : 2000 Piece(s)
Price Term : FOB
Port : SHANGHAI
Price : 1 - 1 USD/Piece(s)
Payment Terms : L/C, T/T
Production Capacity : 32767 Piece(s) Per Month
Delivery Time : 15~20Days
Packaging Details : cartons

Brief Product Description

motor

household appliances,medical appliance

1. Rated Voltage : AC 110V 220V

2. Power Frequency : 50/60

3. Input Power 4W

Product Attributes

Brand Name	YAHUA
Model Number	49TYZ-A2
Type	Asynchronous Motor
Frequency	50/60Hz
Output Power	Less than or equal 4W
Protect Feature	CLASS:F
Phase	Single-phase
Certification	CCC, CE, ROHS, UL, TUV REACH
AC Voltage	110~120 220~240
Place of Origin	Zhejiang China (Mainland)
Usage	Household Appliance
Protect Feature	Enclosed
Function	Control
Structure	Synchronous Motor
Phase	Single-phase
Speed	Constant Speed

Detailed Product Description

motorSpecifications:1. Rated Voltage : AC 110V~125V2. Power Frequency : 50/60 Hz 3. Input Power : 4W 4. Rotation Speed RPM (Braking Torque) * 2.5/3.0 (10kgf-cm) * 4.3/5.1 (6kgf-cm) * 5.0/6.0 (5kgf-cm) * 10/12 (3kgf-cm) * 15/18 (2kgf-cm) * 30/36 (0.8kgf-cm) * 45/54 (0.4kgf-cm) 5. Rotor Direction : CW/CCW, CW, CCW 6. Motor height:21MMDescription:APPLICATIONS 1. Electric fan 2. Heater 3. Laminator 4. Healthful instrument 5. Video games 6. Spotlights 7. Air Conditioner 8. Simulation fireplace9. Other Character:FEATURES 1. Miniature is size but delivers high torque. 2. Low noise and smooth revolution.

Company Profile

Product Description

---Yuyao Yahua Mechanical & Electrical 

Yuyao Yahua Mechanical & Electrical Co., Ltd. is a professional enterprise specializing in manufacturing Permanent Magnetism Synchronous Motors. We are located in Lianghui Development Area, Yuyao City, Zhejiang Province. We are near to Ningbo and Shanghai. Our transportation is very convenient and environment is beautiful.

There are more than 100 employees in our company and 5 persons are engineers. For our strong technical source, advanced production facility, and complete testing equipment, our company has obtained ISO9001 certification. We are also according to ISO System to control our manufacture, sale, and management. Thus, our product quality is steady and our products are widely accepted by customers.

Because of our powerful R&D and quality control ability, along with the price advantage, we are a leader in the synchronous motor field. Our company insists on the tenet of "Quality first, Customer Uppermost", which encourages us to improve product quality and produce competitive products continuously. All of our employees are ready to create a better future with you.

Management Philosophies: Actively, Professional Guidance, Study and Practice. Operated by the crew, Serving the mission, and Sharing profits

Management Principle: Using advanced techniques and producing high quality products to meet the market demands

Quality Policy: All of the crew are quality controllers to meet customers' quality requests

Quality Goal: To put quality policy into effect and to be sure of meeting customer satisfaction
